

# Hidden Giants training programmes

Hidden Giants is an education consultancy that collaborates with teachers, practitioners and policy makers. We support schools to re-imagine their curriculum by placing innovative, creative and critical thinking at its heart.

Hidden Giants offer intensive training programmes to meet modern professional needs across the school sector. Programmes can be delivered in a single day, or scheduled across three twilight sessions. Suitable for teachers, support staff, managers and leaders, Hidden Giants' programmes are brought to your school by expert facilitators.

## Inter-disciplinary learning (IDL)

Hidden Giants demonstrate how IDL is much more than combining different subject areas. Embracing IDL can disrupt and dismantle the compartmentalisation of school and schooling with significant emancipatory benefits to staff and pupils.

### Programme attendees will:

- Gain an overview of recent research and key ideas about IDL
- Understand 'how to' introduce disruption positively
- Understand 'how to' ensure progression in skills and understanding
- Identify potential to expand IDL in your own practice (or school)

**Costs:** £1250 + VAT

**Venue:** Hidden Giants prefer to work in your school. However, programmes can be delivered in independent venues subject to negotiation and additional fees.

**Duration:** Programmes last one full working day, usually 9.30am – 4pm, or can be delivered as three 2 hour twilight sessions. Contact us to discuss your needs.

"Hidden Giants encouraged me to think from a point of view 'how can I make this happen?', rather than thinking of all the things that could go wrong. Now in my teaching I say 'why not?' rather than think 'well this might not work because... too loud/not enough space/kids aren't responsible enough...'"

"It has made reflect on my own practise and see what I can improve. I have more confidence to take risks in my teaching."
