

Hidden Giants training programmes

Hidden Giants is an education consultancy that collaborates with teachers, practitioners and policy makers. We support schools to re-imagine their curriculum by placing innovative, creative and critical thinking at its heart.

Hidden Giants offer intensive training programmes to meet modern professional needs across the school sector. Programmes can be delivered in a single day, or scheduled across three twilight sessions. Suitable for teachers, support staff, managers and leaders, Hidden Giants' programmes are brought to your school by expert facilitators.

Leadership

Hidden Giants believe that the fundamental purpose of leadership is to produce useful change, while the focus of management is to keep current systems functioning. Hidden Giants will work with school leaders to better understand the contradictory forces inherent within these two positions and to plot the best course of action for them and their school.

“Thank you again for another hugely effective input. The Senior Management Team love our discussions and always come away feeling positive and motivated.”

Head Teacher

Programme attendees will be able to:

- Identify specific areas for personal leadership development
- Develop skills to deal positively with the HGIOS indicators around:
 - » leadership for learning
 - » leadership of change
 - » shared vision, values and aims
 - » implementing improvement
 - » empowering collegiate working and professional learning
